“ To the entire Powell family, I would like to extend my condolences in the passing of your loved one, Fred and I have been lifelong friends since we were in kindergarten together in Miss Hurley and Miss Walker's class at Washington Elementary School. Although we hadn't seen each other in a long time, since I live in Tucson, whenever we spoke it was like just two old friends, "catching up." We would laugh and joke with each other and promise that we would stay "in touch". Our last conversation, at the beginning of September, was about the book he had written. I told him after reading his book, on lots of occasions, that I hated the ending. We had spoken several times about his ending, and he had told me, in no uncertain terms, that that was the way he wanted it to end, so "deal with it." That was Fred, matter of fact, no nonsense Fred. Take him or leave him. I wanted him to write a sequel to the book, but now I guess that will never happen. I will miss Fred and our long conversations. May he rest in peace. See you on the other side my friend.

“ Fred and I graduated from the police academy together and then worked as partners for a couple of years. I enjoyed working with Fred and we shared a lot of experiences. He was a fun, reliable and trustworthy partner and he served the citizens of Toledo well. He will be missed.
