“ Victoria and I were like two peas in a pod. We've shared some good times and some bad times together but come hell or high water we were there for each other. Even though it may not have been when we wanted it to be but we were right on time when we were needed. Me and Vickie were like Siamese twins just from different mothers and fathers but you couldn't tell us nothing different. We were friends sisters and just everything to each other and will always be to infinity and beyond. Gone too soon and will never be forgotten. R. I. H. Sis you've truly earned your starry crown. Always and forever your friend your sister and just your everything. Sherri
