“ Karen Hendricks- Glover lit a candle in memory of Willie Mae Woods

Karen Hendricks- Glover - October 12, 2016 at 02:42 PM

“ To the family,

We are so sorry that you have lost so much and life will never be the same again, but the Lord will always be there to give you comfort and strength and make you stronger as a person and as a family.

So glad we had the opportunity to see her on her birthday when we stopped by her job to wish her a great day and she was indeed having a wonderful day. It's really hard believing that she is no longer here on earth but surely present with the Lord which was her ultimate goal. I trust that when our time comes we will all be united in one glorious place together in homecoming but until then all we can do is share the good memories.

“ With heavy heart I like to send my condolences to the Woods family. I pray God will strengthen your family and keep you in his loving arms. Ms. Willa and I worked together at the Anne Grady Center on the A-1 home. When she retired from there we met up again at Trades Day Program. I am the Recreation Coordinator and Willa would go out with me on outing . She had expressed to me that she really enjoyed going on the outings especially when we went to the Zoo. A special story Ms. Willa use to tell when she was coming in to work she would see a family of geeses crossing the rode the mommy in front and the babies in the middle and the daddy in the back. She said they had sense enough to stay together and cross together more than humans. Everyday comiing in to work she would see them it really tickled her soul. I'm really going to miss my friend and coworker a true angel.

LOVE YOU Ms. Willa you will be truly missed.
