“ I would like to express the life-force of this great person. His humor, He loved his music, A supreme DJ, He also knew that bible. He could get you going with his "preaching-voice". And.....the man could drive the HELL out of a Cadillac (in reverse) Bernard, You would check on my Mama & play chess & checker's with my brother. When my bro. passed, U was a trusting paul- bearer. May your family find comfort & strength. U will be missed. R.I.P. - LaDonna
