“ *Mr. Robinson, I am so sorry to hear of your passing! I remember when your daughter Pam Paul took me to where you were working, so I could meet YOU. Pam loved you a lot like a daughter should love a parent. She is going to be hurting for a while for her loss, as I do for the loss of my mother back in December. It's hard but we do get through it as time goes on. You are gone, but will never be forgotten! R.I.P. & God Be With You...!*
