Tribute Wall

“ Dear all that knew and loved Brother Dewitt including myself. He was a member of Payne Memorial AMEC with his wife, Bernella before moving to Florida. He enjoyed engaging people in meaningful conversations!!! I appreciated him opening his home in Florida for me to visit with my dear friend Bernella for my birthday one year and of course I went to church with them but I wanted to go to the beach on my birthday but they kept taking me to other things and finally after church service, we went to the beach but DeWitt sat in the car, I was not dressed for the beach but went anyways, finally Bernella sat with me for a while but I knew they didn't want to stay long but overall they made me welcomed in their home. I have stayed in contact with them when they came back to visit Toledo on several occasions. I know and believe that God is in the mix and he can question God now - smile!!!!
