“ Frank was the only PM in all my years at the Toledo P.O. who would go down to the workroom floor and see for himself if there was any holdup in the flow of mail.

*His dedication impressed me. He was missed when he left.*

“ Our heartfelt sympathy to the family of Frank Goldie during these difficult times. May he rest in peace. On behalf of the members of the Southern Region A-PLUS Organization we remember Mr. Frank Goldie and appreciate his willingness to step up and take on the position of the first National President of A-PLUS during a time when A-PLUS was not liked at all by upper management in the Postal Service. He was one of the Pioneers, that we the A-PLUS members, stood on his and others shoulders and moved up through the ranks of the Postal Service. Since his efforts and others like him A-PLUS is a force that is liked by upper management for the Training, Mentoring and Networking we do for the Postal Service and our membership. We thank Mr. Goldie and we thank you for loaning him to us so that thousands of Minorities in the Postal Service can and have enjoyed success in moving up in the postal service.

“ It is with such a distinct honor to have had the opportunity to know Frank Goldie. His kind words and support will always echo in my heart. During my last visit with Frank in May, we shared a monument in time. After my interview with him for a featured article in the Postmasters Gazette, we parted different directions and as I walked away, I had to stop and look back. I stood for a monument with tears watching this remarkable individual who changed the world for so many people. What an extraordinary person who I had the pleasure to know.

*Thank you Frank and Cleo together again!*

“ *Mr. and Mrs. Goldie were both fine examples of how to live one's life honorably in the community on Prospect Ave. in Toledo, Ohio. We were so glad as children to see this example. As adults it has always given us great hope that we too can successfully give back to the community in living honorable lives. We thank God for their positive example. We are sorry for your loss but grateful for their example.*

“ Mr. Goldie, I will miss hearing your voice saying "Good Morning Alice" when you talked to my husband on Tuesday mornings. Also, how you laughed about us relocating to Missouri living the amongst the farmers coming from the city life. May you rest in Heaven.

*Frank Goldie was a legend in the Postal Service. As President of A-PLUS, African American Postal League United for Success he knew the importance of Diversity, what it would mean to the Postal Service by having an organization with fully trained managers and supervisors to grow US Postal Service business into the organization it is today. He touched countless individuals who stressed the importance of helping others and taught many of us the education and awareness of Stamp Collecting. Thank you to his family and friends who allowed him to share his life with us. He will never be forgotten and will go into A-PLUS History as we celebrate 30 years of existence.*
