“ Hi 2nd Mom/Friend/Confidant,
Thank you for always being there for me.
Your ability to just listen, without judgment,
and provide honest, caring and sometimes
tough advice just amazed me. I would like
especially thank you for helping me through a very challenging time
in my life. Your love, encouraging words and positive outlook
comfort me during that rough patch. I love you and I will miss you
dearly, but I will never forget you. You will always hold a special
place in my heart and always be part of my family. Love Christina
Feemster and Family.

*I remember when we first met, at a track meet at Rogers High School where our daughters were participating. She was sitting a few rows above me. She hollered out, "What is your name?" From that point on we were friends. God has taken her to his home where she can be at peace! God kept her, and then told her to let go! To Joe and the family, she was so thankful for your help. May God take you in His care and give you the peace to go on.

What beautiful memories I've read of what a dear friend is. Mrs Dunbar typified the meaning of a friend.

May God be a source of comfort for your family during this time as only he can.

In sympathy
