“ I came to know twin and his brother at Libbey HS. At this time it was only a couple of twins at Libbey (Me & mine) and them and they were a set of the coolest too. Through HS and after we remained friends, Bobby Howard was where I would catch either one. Honestly I never could tell them apart except for the height between the 2 but even then I still didn't remember because I've never called him or his twin by any other name but twin. It takes 2 to make a thing go right. U & Twin RIP Bro. 🙏🙏. Ken Fell

“ One of the more happier times that I remember with both Ronald and Donald Spears is we were working for this company that employed teens to make money and we had to sell candy door to door and things like that I remember there was a lot of cold fall and winter nights that we will go door to door and we will make our money and then get dropped off at our homes but those were some of the best times I've ever had with the twins it is with great sadness and great remorse that this time has come but I'm glad that him and his brother are both getting rest and I hope to see them at the crossroads on the other side rest in peace Ronald rest in peace Donald Spears forever your homie
