“ Good morning,

My name is Sandrine DeMuth, and I was Sheila's classmate for the 502 and 503 courses this Fall Semester 2022 at The Mandel School of Applied Social Sciences. I would like to address to the entire family my profound and sincere condolence for the loss of this brave woman, Sheila!!

I was impressed to see her in class, depending on her health condition. She was a model and inspiring person, sending this message " Whatever happens in your life, never give up until you have used all the tools that you have in your hands." We had an opportunity to be in group work. She was a hard worker, persistent, and engaged person.

*Sheila, you are now an angel. We will never forget you. I will never forget you because I kept looking for you throughout this week until I found that you are now in Heaven.
Repose in Peace! Love*
