“ Dear Families that are left behind, I am sorry to hear of this untimely death here on Earth and my prayers along with many others are with you now and forever but that the many good memories that you have in your hearts will help now and forever as the days goes by and when you need to call upon our Lord and Savior, He is always listening to our cries and give us a sense of love and know that He is still walking with you and those of us left to do His will. It may cause us to cry which is okay and eventually give us hope and peace that matters. May those He send to you with a listening heart and ear will help you all as the days and years go by. Be encouraged by the love and friendship that me and others will give you now and later. Sincerely, with all of my heart - Linda L. Boyd-Reese and Families.
