“ To Booker and the entire Dupree family. My heart hurts to hear of the passing of your dad. You know he was my good friend. We worked together for several years at GM Powertrain. I used to loved playing spades with him and listen to him laugh when would beat me. And boy could he talk stuff. I'm really gonna missmy friend. My condolences to the family and if you need anything other than my prayers, don't hesitate to let me know. Milton (Audrey) Ransey.

“ For my cousin Sylvester:

*When I close my eyes and think of cousin Sylvester, a warm smile covers my face. I can smile because I know that he is in a much better place, and that he is smiling right back at me.*

*My cousin was a strong and righteous man, who loved his many family members and those who were fortunate enough to be counted among his friends. He treated all people with kindness and respect.*

*Although I moved away many years ago, I always valued those times when we would reconnect, and talk. He was such a positive person and had such a calming influence. I am so thankful for those times, and will dearly miss those precious conversations.*

*My cousin is gone, the world has lost a great man, and is a little darker because of it. But fear not, because the light he used to guide his way, are now the memories that will forever shine in our lives, and help lead us onward.*

*Til we meet again, your loving cousin James Pickens.*
